

# Forest For the Trees

## Huey Lewis & The News

When you're a young man, down and out  
You really need someone to help you out  
It looks like life or death is your only choice  
It's really hard to see  
The forest for the trees  
The forest for the trees  
And when you get angry and everything's black or white  
You know that it ain't that simple, no one's always right  
You know that your life is worth livin'  
You gotta start takin' if no one else is givin'  
And if you're not afraid to open your eyes  
You may be pleasantly surprised  
Things are never as bad as they seem  
You just gotta learn to see  
Forest for the trees  
Forest for the trees  
You gotta learn to see  
If you need somebody, tell them please  
If you want someone, get up off your knees  
You know that you're life is worth livin'  
You gotta start takin', no one else is givin'  
And if you're not afraid to open your eyes  
You may be pleasantly surprised  
Things are never as bad as they seem  
You just gotta learn to see  
The forest for the trees  
Forest for the trees  
You gotta learn to see  
Forest for the trees  
You just gotta learn to see  
Forest for the trees  
You gotta learn to see  
Forest for the trees
