

# Now/at The Party

## Maxwell

Now I know, now I found  
Now I feel just like this, we're so united  
Now I feel somethin' special, ooh  
I can't even describe it to ya  
Let's try not to let the negative interrupt, keep it rockin'  
Rockin' babe, you don't stop babe  
When I'd much rather watch my people movin' it up  
At the party, party  
Now we cool, now we fine  
Now we good  
Everything is dyn-o-mite, ooh  
Now, in fact ya'll, we gon' be alright tonight, yeah  
Let's try not to let the negative interrupt, keep it rockin', oh yeah  
When I'd much rather watch my people movin' it up  
At the party, party, at the party  
Rockin' babe, you don't stop, yeah  
At the party, party, at the party, party  
I'd much rather watch my people movin' it up  
At the party, party, at the party, party, at the party  
You don't stop, yeah, yeah
