Pick Yourself Up

Count The Stars

I'm sorry, I can't help, you've got to pick yourself up
And I promise, I will stay, you've got to pick yourself up, heyWell I know that everyday is like a new beginning again
But it's not like friends just come and go, do you understand
These situations make me, find accusations easy
It's safe enough to say you don't need meI'm sorry, I can't help, you've got to pick yourself up
And I promise, I will stay, you've got to pick yourself up, heyAnd I know that everyday you wake up feeling less than worthless
But it's not like you ever let it show, do you understand
These situations make me, find accusations easy
It's safe enough to say you don't need meI'm sorry, I can't help, you've got to pick yourself up
And I promise, I will stay, you've got to pick yourself up, heyBecause every single word that leaves you
Falls onto the floor beneath you
You're killing me, you're killing me
It's not the way it's supposed to beBut I'm sorry, I can't help, you've got to pick yourself up
And I promise, I will stay, hey, you've got to pick yourself up
