Smoke Too Much

JOY.

[Verse 1]
I hear you speak
I know it's you
I'm in too deep
I'm falling through[Pre-Chorus]
Now you're gone
Feel like I'm choking
Here these words walk in circles
Back to life
When I look to the sky
You pull me back every time that I leave
I'm [?] to leave ya
[Chorus]
Maybe I smoke too much
I had the weirdest feeling yesterday
Maybe I smoke too much
I had the weirdest feeling yesterday[Verse 2]
I [?] come through the roof
I'm choosing it
[?] all for you
Now you[Pre-Chorus]
Now you're gone
Feel like I'm choking
Here these words walk in circles
Back to life
When I look to the sky
You pull me back every time that I leave
I'm [?] to leave ya
[Chorus]
Maybe I smoke too much
I had the weirdest feeling yesterday
Maybe I smoke too much
I had the weirdest feeling yesterday[Bridge]
[?]
It's something only I can know myself
I chase away the ones that try to help
But when I do [?]
Run into myself[Chorus]
Maybe I smoke too much

I had the weirdest feeling yesterday
Maybe I'm out of luck
Cuz, baby, nothing ever comes my way[Outro]
You're the air I breathe
You're the air I breathe
You're the air I breathe
You're the air I breathe
