

# Kill You Before You Kill Me

Wednesday 13

B-B-Baby you and I don't get along  
And one of us will have to go before too long  
I'm just trying to find the fastest way  
To make you the fuck away  
And I know you've got a few tricks of your own  
And you know I've tried to walk that line  
With you a couple million times  
Every time the mission failed  
And I hope you understand  
Why this has come to be  
I've got to kill you before you kill me  
Sometimes you and I don't see eye to eye  
So let me load this gun again  
And we can try  
I'm just trying to find the fastest way  
To blow you the fuck away  
And I know you've got a few tricks of your own

And you know I've tried to walk that line  
With you a couple million times  
Every time the mission failed  
And I hope you understand  
Why this has come to be  
I've got to kill you before you kill me  
Go, go, go  
And you know I've tried to walk that line  
With you a couple million times  
Every time the mission failed  
And I hope you understand  
Why this has come to be  
I've got to kill you before you kill me  
I've got to kill you before you kill me  
I've got to kill you before you kill me
