

It's Your World (feat. R. Kelly)

Jennifer Hudson

Anything that you want from me
Boy you can get it any time, any place
I'll be your servant, your slave
Your everything you ever wanted baby
Just make one wish and I'll become your genie
Your go-get-it, your "bring it back and give it to you" babe
I walk over that rainbow and deliver to you that pot of gold
Got the whole earth in the box, wrapped in a bow for you
It's your world, yeah
It's your world baby
It's your world baby
And everything in it
It's your world, ooh
It's your world baby
It's your world
Boy if you ask, it shall be given
It's your world
It's your world
All of your worries, your casual doubts
Give 'em to me and I'll erase them for you
I'll be your heaven, your blessing, no stressing
Boy I'll make all your dreams come true
No matter what it is, yeah say what it is
And I will do it for you
I'll walk a mile, I'll swim the Nile, I'll vow
Sink my finger in the ground
And turn this earth around for you
It's your world
It's your world baby
It's your world baby
And everything in it
It's your world
Oh, it's your world
It's your world
Boy if you ask, it shall be given
It's your world
It's your world
See a woman like you baby
Shouldn't have to ask for nothing baby, no no no
You should have a world baby
Right in the palms of your hands oh whoa
Just tell me what to do whoa
Make your life a better life for you
Anything your heart desires baby
See I am born to make it happen baby

All you gotta do umm no no
Is tell me that it's me you want loving you
And as long as you keep getting me that sweet love
Point to it baby and it belongs to you
If it's money you want (it's nothing)
Want me to pay your bills (it's nothing)
Buy you nice things (it's nothing)
Shopping sprees (it's nothing)(It's nothing)
If you're in need of love (it's nothing)
Boy it don't matter what (it's nothing)
Even the moon and the stars above (it's nothing)
You can have my heart (it's nothing)
You can have my car (it's nothing)
I'll cut it out of me (it's nothing)
And give you my heart (it's nothing)
See that universe (it's nothing)
And all of the planets (it's nothing)
Belongs to you (it's nothing)
Just reach up and grab it (it's nothing)It's nothing
It's your world (it's your world)
Baby,Â you deserve the whole world
And everything in it (it's your world)
I'm gonna wrap (gonna wrap it up)
Give it to you (gonna give it to you)
Anything you want anything you need,Â I will surely doIt's your world
See I want you oh
Baby I got it (baby you got it) girl believe it
It's your worldÂ
All of your your hopes and dreams, I'm all about it ey
It's your world
And everything and everything, and anything baby
Listen to me girl
See you ain't got to questionÂ
'Cause there's not need to ask
I'm goin' straight to heaven, I'm above the ?It's your world (oh baby, it's you world now yeah)
It's your world (it's your world,Â it's your world)
It's your world
It's your world
