

I'm Leaving It (All) Up To You

The Osmonds

I'm leaving it all up to you
You decide what you're gonna do
Now do you want my love
Or are we through

That's why I'm leaving it up to you
You decide what you're gonna do
Now do you want my love
Or are we through

My heart in my hand
I don't understand
Baby, what, what have I done wrong
I worship, I worship the ground that you walk on

That's why I'm leaving it up to you
You decide what you're gonna do
Now do you want my love
Or are we through
