Go Far (feat. Will Heard)

Rudimental

Every day is a blessing
The sun shines for you and me
I've got a feeling to make something
Something that you've never seen yeahSo many places to go and faces to see
I'm offering my hand now, won't you come with me?
Cause we can go far, all the way around the world
Spreading love to all the boys and girlsWe can go far, all the way around the world
Spreading love to all the boys and girls
We can go far, go far, go far
Spread love, spread love, spread love
We can go far, go far, go far
Spread love, spread love, spread loveI see trouble in the distance
Tell me, can you see it too?
I'm gonna have to build an army
Where we're spreading love and only truthSo many flowers to grow and people to meet
I'm offering my hand now, won't you come with me?
We can go far, all the way around the world
Spreading love to all the boys and girlsWe can go far, all the way around the world
Spreading love to all the boys and girls
We can go far, go far, go far
Spread love, spread love, spread love
We can go far, go far, go far
Spread love, spread love, spread loveGo far, yeah yeah
Spread love all around the world
Just take yourselves and go
Spread love to all the boys and girls
Go far, yeah
Spread love all around the world
We can go far, can you feel it?
Spread loveGo far, go far, go far
Spread love, spread love, spread love
Go far, go far, go far
Spread love, spread love, spread love
Go far, go far, go far
Spread love, spread love, spread love
Go far, go far, go far
Spread love, spread love, spread love
