

# Hit and Run

## Jack Bruce

Brown-BruceI'm still feeling the ecstasy  
Out in the midnight air  
I see lovers among the trees  
Wondering if you are there  
You're not leaving much time for me  
It's such a sad affairYou call me on the phone and say  
You want to know me  
You tell me you're alone and say  
You want me baby  
You know I'm not the only one  
Playing at hit and run  
Hit and run  
It was another place  
And love was winning  
Now it's a different race  
Have to begin once againI don't hear the same violins  
Playing out in the rain  
I just see long black cadilacs  
Cruising the streets again  
You're not stopping me in my tracks  
Missing the morning trainYou've been working like hell  
Trying to sell yourself  
You've been working like hell  
Trying to sell baby  
You know I'm not the only one  
Playing at Hit and Run  
Hit and Run  
You've been working like hell  
Trying to sell yourself  
You've been working like hell  
Trying to sell baby  
You cut off all my love  
And say that you own me  
You cut off all my love and say  
You own me baby  
You know I'm not the only one  
Playing at hit and run  
I'm not the only one  
Playing at hit and run
