

# It's a New Day

Richard Hollis

How are you doing down there?  
As I look across the room you look so good, you look so beautiful, give yourself a hand, come on

Just clap your hands like this

We are just having a good time  
Relax your mind, let your soul xxxxxx  
It's a new day, listen

So many things to be thank you for  
It's a new day  
The sun shining, get out far, and be on the way  
Life is so precious  
And we have to give room to grow  
Yes, love is the answer

All the winner you know that  
The fate is on you  
A fresh beginning to show that  
His mercy in on you  
New seasons are come  
Continue you to pray  
I happy for you  
It is a new day

All you waiting for, the victory  
Is lock you to praise  
Your future residing  
In so many ways  
I'm so exciting for you  
Your dreams will come true  
Cause I see a winner in you

All the winner you know that  
The fate is on you  
A fresh beginning to show that  
His mercy in on you  
New seasons are come  
Continue you to pray

It is a new day

Hey, it's a brand new day  
The sun is out and I'm feeling ok  
I xxxxxx my problems away  
Leave a pain in the past  
I found peace, so I have a bless  
God is so xxxxxx  
But I won't trip on that  
I trusted in God  
And He got my back  
Now think about myself today  
Pray for your good heath today  
Hope you well today  
You can not xxxxx to say

All the winner you know that  
The fate is on you  
A fresh beginning to show that  
His mercy in on you  
New seasons are come  
Continue you to pray  
I happy for you  
It is a new day

All the winner you know that  
The fate is on you  
A fresh beginning to show that  
His mercy in on you  
New seasons are come  
Continue you to pray  
I happy for you  
It is a new day
