{Color catalog and bonus gift certificate
By return mail right away} I look at TV
Your America's doin' well
I look out the window
My America's catchin' hell I just want to know which way do I go?
To get to your America
I just want to know which way do I go?
To get to your America I change the channel
Your America's doin' fine
I read the headlines
My America's doin' time I just want to know which way do I go?
To get to your America
I just want to know which way do I go?
To get to your America (Go West young man, go West young man)
(Go West young man, go West)
Don't want to crossover
(Go West young man, go West young man)
(Go West young man, go West)
But how do I keep from going under? Where is my picket fence?
My long, tall glass of lemonade?
Where is my VCR, my stereo, my TV show?
Where is my picket fence?
My long, tall glass of lemonade?
Where is my VCR, my stereo, my TV show? {[Incomprehensible] News
If you look at oil prices lately
The answer is [Incomprehensible]} I look at TV
I don't see your America
I looked out the window
I don't see your America I want to know how to get to your America
I want to know how to get to your America
I want to know how to get to your America
I want to know how to get to your America

I want to know, I want to know
I want to know, I want to know
I want to know, I want to know
I wo, I wo{And one of the most prominent members of the community}
