

# Pain in my Heart

Sandy Denny; Thea Gilmore

Pain in my heart  
Is treating me cold  
Where can my baby be?  
Lord, no one knows  
Pain in my heart  
Just won't let me sleep  
Where can my baby be?  
Lord, where can she be?  
And now the days has begin to get tough  
Said, I want you to come back  
Come back, come back, baby  
I had enough, oh  
A little pain in my heart  
Just won't let me be  
Wake up restless nights  
  
Lord and I can't even sleep  
Yeah  
Stop this little pain in my heart  
And now the days has begin to get rough  
Said I want you to love me  
Love me, love me, baby  
Till I get enough, oh  
Pain in my heart  
Little pain in my heart  
Stop this little pain in my heart  
Stop this little pain in my heart  
Someone stop this pain  
Someone stop this pain, oh
