

# Nobody Moves

## Sidney

Nobody moves, nobody get hurt  
Don't make me put yo' face on a T-shirt with some dirt  
    Nobody moves, nobody get hurt  
Don't make me put yo' face on a T-shirt with some dirt  
    Don't make me put yo' face on a T-shirt with some dirt  
    Nobody moves, nobody get hurt  
Don't make me put yo' face on a T-shirt with some dirt  
    I retired from the game 'til you niggaz got me fucked up  
    I'm back for 2000 to get y'all bitches and y'all niggaz bucked up  
    The media started hatin' 'cause I made my money on the corner  
    I'm like the Energizer Bunny on some weed and Corona  
    Now y'all don't wanna fuck wit me  
    I got some killers that'll bust wit me  
    And I represent that CP3  
    'Til I'm motherfuckin' six feet deep  
    Nigga I'ma ball 'til I fall, no fakin' it's all real  
    How many niggaz can roll through the project that made \$56 mill?  
    We all tatted, all gatted, we hustlers, y'all addicts  
    Now who the fuck want static? I got the automatics  
    Nobody moves, nobody get hurt  
    Don't make me put yo' face on a T-shirt with some dirt  
    Nobody moves, nobody get hurt  
    Don't make me put yo' face on a T-shirt with some dirt  
    Motherfucker, we back  
    To all the hater niggaz thought No Limit was fallin' off  
    I'm here to set the record straight  
    Motherfucker, I'm goin' off  
    On all you bitches speakin' behind the microphone  
    One more word and I'ma follow you home  
    Empty my chrome, up in your dome  
    It's the Y2K, motherfucker we came to crush bones  
    Eternal sleep to all you niggaz talkin' beef  
    I cut you up and eat you I'm a wild fuckin' beast  
    I'm like a fuckin' bomb and P's the designator  
    Go 'head and push the button, let me get rid of all the haters  
    Nann nigga here can fade us, so bow motherfucker  
    Bow to the fuckin' greatest  
    Nobody moves, nobody get hurt  
    Don't make me put yo' face on a T-shirt with some dirt  
    Nobody moves, nobody get hurt  
    Don't make me put yo' face on a T-shirt with some dirt  
    We put the choppers up, my nigga done put the legs  
    down  
    Niggaz think we playin' at first, but shit done got serious now  
    We make nightmares come true, when we come through  
    Nigga, you don't wanna fuck with us  
    That there they see what a nigga did done you, run who  
    And I don't believe in that ten years down the line shit  
    Revenge so when you come through, bury your lil' son too  
    Shit is real now  
    We walk away, fuck nah I was taught to spray

If the drama too big for what I got on my hip  
P and Magic brought the K, niggaz done fucked up the game

That's why they got stuck for they chain, niggaz ain't real killersNiggaz [Incomprehensible] looked up in vain  
See I ain't no killer, but if come down to it I'll bust yo' brains in

I don't give a fuck who around me

Never touch my No Limit chain again, bitchNobody moves, nobody get hurt  
Don't make me put yo' face on a T-shirt with some dirt

Nobody moves, nobody get hurt

Don't make me put yo' face on a T-shirt with some dirtNobody moves, nobody get hurt  
Don't make me put yo' face on a T-shirt with some dirt  
Nobody moves, nobody get hurt  
Don't make me put yo' face on a T-shirt with some dirt
