

# Likin' Love Songs

## Granger Smith

She's a dashboard DJ  
Seatbelt hugging a white tank  
Blue-eyed, smile spinning that dial, stops it on a love thing  
But when she starts moving, yeah she knows what she's doing  
She's got me likin' love songs  
Even got these old boots tappin' along  
So pretty sitting shotgun singin'  
Like woah, woah  
Makes me think of her, makes me think of this  
Midnight moonlight slow kiss  
She's got me likin' love songs  
I keep turning 'em up 'cause it's turning her on I hate to admit it, but I made her a playlist  
It ain't my jam but watchin' her, damn, she knows how to work it  
When she gets in that sweet zone, she wants to go all night long  
She's got me likin' love songs  
Even got these old boots tappin' along  
So pretty sittin' shotgun singin'  
Like woah, woah  
Makes me think of her, makes me think of this  
Midnight moonlight slow kiss  
She's got me likin' love songs  
I keep turning 'em up 'cause it's turning her on  
On, flip on like a light, a low beam, clicked on up to high  
When my baby gets to shining that bright  
It's on, it's on, it's on She's got me likin' love songs  
Even got these old boots tappin' along  
So pretty sittin' shotgun singin'  
Woah, woah  
Makes me think of her, makes me think of this  
Midnight moonlight slow kiss  
She's got me likin' love songs  
I keep turning 'em up 'cause it's turning her on  
And it's turning me on  
'Cause it's turning her on  
Likin' love songs  
(Woah, woah)  
She's got me likin' love songs (woah woah)
