

# Stranger Things Have Happened

[Ronnie Milsap](#)

I keep talking to your picture  
But a smile is all you say  
It's a lonely conversation  
But missing you is easier this way  
Last night a shadow filled the doorway  
And I heard footsteps on the stairs  
Then I woke up this morning  
And thought I saw you standing there  
Stranger things have happened  
And I'll always believe  
If stranger things can happen  
You could still come back to me  
One touch is worth a thousand pictures  
What might have been ain't worth a dime  
I just hope someday I'll hold you  
Another place, some other time  
Stranger things have happened  
And I'll always believe  
If stranger things can happen  
You could still come back to me  
If stranger things can happen  
You could still come back to me  
Stranger things have happened
