Breathless

Tina Cousins

Close my eyes as the melody
Lifts me up on angel's wings
Love has cast it's spell on me
I wanna feel everythingHurry up this heart is waitin'
To take me far away from here
Pushin' on anticipatin'
Fear of fallin' just disappearsBaby can't you see
That you're the air I need
I'm breathless
'Cause there's a deeper me
That no one else has seen
I'm breathlessClose my eyes as a lovers kiss
Wakes the fellin's deep within'
Barely touchin' fingertips
I'm ready now for anythingBaby can't you see
That you're the air I need
I'm breathless
'Cause there's a deeper me
That no one else has seen
I'm breathlessAs the colors bleed
It's getting hard to breathe
