Like a Woman

Sanne Salomonsen

Sometimes I think about the way it was,
When we fell in love.
Things were different then
Innocent and wide open,
Free and beautiful
I want to feel like that again
But somewhere along the journey
I lost a part of me
And I know you can help me get it back
Yeah help me get it back
[[Chorus]]Baby lay me down on our bed
Touch my body like only you can
Kiss me softly,
Take away my breath
Slow it down and make it real
Cause tonight I want to feel
Like a woman.
You?re the one who really gets me

Honey let me,
Feel the fire in your hands
I know you can keep me burning
Feel the yearning
Cause you?re still my only man
Give me all that I can handle
Light a candle
Only you can bring me back to life
Oh I need you tonight
[[Chorus]]Like a woman touched for the first time
Like a flower that blooms in the sunshine
I need to feel your love inside of me
[[Chorus]]Yeah
Like a woman
Like a woman
