Little Boy

Captain Jack

Dream on my little boy
Dream on my little boy
Dream on my little boy
Go out and have some joy
Little boy
Dream on my little boy
Dream on my little boy
Go out and have some joy
Duu dubibadadadaduu dabadideidada
Duu dubibadadadaduu dabadideidadaDream on, dream on, make my day,
We will find a better way
Dream on And you'll realize
That one day you'll pay the price
Keep on going till tomorrow
You will find there is no sorrow
Keep on dreaming of this toy
You can use my little boyI'm your Captain not your toy
I am not your little boy
I give orders that you follow
Come with me into tomorrow
I'm your Captain and your toy
You can use my little boy
Dream on, dream on, make my day,
We will find a better way
Dream on And you'll realize
That one day you'll pay the price
Keep on going till tomorrow
You will find there is no sorrow
Keep on dreaming of this toy
You can use my little boyFighting for a better world is not
To dream about our unity
Realize reality, tell me Mr. D
Running on that one way street alone
Hoping for a better day to come
Looking for a better place to stay
Listen what I gotta say
