

With All My Heart

[Phil Stacey](#)

Late at night, awake and alone
I count the stars in the sky
Every cloud that rolls by
And I think of you, I whisper, I wish
With everything that I am
I'll do all that I can
'Cause baby
I, I just want you to see that
Baby, you
Mean the whole world to me
It's so right
When I see the love in your eyes
All that I wanna do, baby
Is to spend my life with you
And I know
As long as there is tomorrow
I'll be loving you right from the start
With all my heart
I can't believe, what's happened to me
But you stepped right out of my dream
Like nothing I'd ever seen
And I will love you
For the rest of my life
'Til forever is gone, you'll be the one
'Cause baby
I never thought I would say that
Baby, you
Are my night and day
It's so right
When I see the love in your eyes
All that I wanna do, baby
Is to spend my life with you
And I know
As long as there is tomorrow
I'll be loving you right from the start
With all my heart
I know, I'll be strong
With you in my arms
Heaven brought us here together

We belong like this forever
It's so right
When I see the love in your eyes
All that I wanna do, baby
Is to spend my life with you
And I know
As long as there is tomorrow
I'll be loving you right from the start
With all my heart
It's so right
When I see the love in your eyes
All that I wanna do baby
Is to spend my life with you
And I know
As long as there is tomorrow
I'll be loving you right from the start
With all my heart
With all my heart
