

# Supermodel Baby

## Freak Kitchen

Them calories just gotta go  
Stopped eating a year ago  
I'm so thin you will not spot me sideways  
I wanna be a supermodel  
I wanna look like I'm dead  
I wanna be somebody's product  
I'm beautiful and give good head  
Working on a trendy pose  
Cover the pimples on my nose  
Saving up to fix the cheek-bones in my face  
I wanna be a supermodel  
I wanna look like I'm dead  
I wanna be somebody's product  
I'm beautiful and give good head  
Striving for that Third World Look  
Skinny is trendy (with a matching doek)  
Gee, I'm looking forward to  
United Colors of Benetton's Kosovo Collection  
My mom and dad think I am ready  
They say I'm God's gift to men  
I'll throw a super model party  
Tomorrow morning I'll be ten
