

# Team Mate

## Kaiser Chiefs

We used to go out nightly  
To the armory  
You used to be my team mate  
Or that's the way it seemed We lost our friends  
Because you wanted to  
They had no faith in you  
I had faith in you You said we don't need anybody new  
It's just me and you  
On a bicycle for two  
Ahh We used to hold on tightly  
And you relied on me  
I used to to be your team mate  
Or that's the way it seemed We lost our friends  
Because you wanted to  
They had no faith in you  
I had faith in you We've been everything you wanted to  
It was just me and you  
On a bicycle for two  
Ahh
