

# Fire Fly

## Yahzarah

[hook]

now when they see us on the streets

    all they wanna do is take pics

    and i'm like, okay (yeah, okay)

    and when they hear us on the beat

    all they wanna do is make hits

    and i'm like, okay (yeah, okay)

    and if you're feelin' like i'm feelin'

        how the world should be: perfectly

    fire like i'm third degree, and suddenly

        shawty, we got so high

            fire fly[verse 1]

skateboardin' down at washington square

    lookin' for quarters

    maybe a afford a falafel for dinner, ugh

        i'm so broke man

            scholarship apology

facebook messages from college kids who hollerin'

    girls like, "we love you, we go to lsu

you gotta do a show so we can come and molest you"

        this rap stuff is magic

    i used to get called "oreo" and "faggot"

    i used to get more laughs when i got laughed at

        oh you got a mixtape? that's fantastic

    but everybody thought it was jokes though

        they half right, the joke is

            i got flow so don't act like

you ain't sittin' there with your friends like, it can't be

    i know donald glover, he weak man, he can't be

        i'm still knocked down, but i up the ante

me and hip-hop, that black sid and nancy[hook][verse 2]

    it's hard to make hov the footsteps you followin'

        especially when your niggas look like carlton

            the pretty girls usin' skin so soft

    only be likin' black dudes with their hats broke off

        man you act too soft

            fuck you! i'm from the projects

my mom was just workin' to give me options

        no live shows, cause i can't find sponsors

for the only black kid at a sufjan concert  
yeah so, whatcha gonna do man?  
you won't speak to the hood, man  
if i was given one chance i think i could, man  
these black kids want somethin' new, i swear it  
somethin' they wanna say but couldn't cause they embarrassed  
all i do is make the stuff i wanna write  
reference shows i wanna watch, reference girls i wanna bite  
now i'm firefly like a burning kite  
and yousa fake fuck like a fleshlight  
even dudes who like me straight lookin' at me crazy  
like, how the hell he drop a ep and meet jay-z?  
girls used to tell me i ain't cool enough  
now text me pics sayin', "you could tear this up"  
i don't really like shades, big rims, or jewelry  
but gettin' time of day from a model is new to me  
bein' me isn't as hard as it used to be  
now everyone sing the chorus man, you do it so beautifully[hook x2]
