

Shimmer Like a Girl

Veruca Salt

It's a shame you have a mind of your own now.
Shame on you, completely setting the tone now.
I've caught you bleeding under my skin now.
I fought you, but you're beginning to win now. Well I don't care, I swear it's my turn now.
Shimmer, shimmer like a girl should, yeah.
Shimmer, shimmer like a girl should, yeah.
Shimmer, shimmer like a girl should,
You gotta get it glimmer, shimmer, sparkle while you can. Shame crashing, falling off of the tracks now.
Get cracking at the small of my back now.
I failed you and they're beginning to talk now.
I nailed you until you're walking the walk now. Well I don't care, I swear it's my turn now.
Shimmer, shimmer like a girl should, yeah.
Shimmer, shimmer like a girl should, yeah.
Shimmer, shimmer like a girl should,
You gotta get it glimmer, shimmer, sparkle while you can. Yeaaahhhhhhhhhhhhhhhhhhh.
(do-doot-do) Shimmer, shimmer like a girl should, yeah. x4
Yeah, shimmer, shimmer like a girl should, yeah.
Shimmer, shimmer like a girl should, yeah. x3
Shimmer, yeah, shimmer, yeah
Shimmer like a good girl.
(do-doot-do, yeah.)
