

# Come to Me

Jadon Lavik

What do you do when it rains?  
Where do you go when the world falls on you?  
Who do you call on when all your hope is gone?  
All your hope is gone What do you do in the pain?  
Where do you run when youre thirsty again?  
Who do you cry out to when all your strength is gone?  
All your strength is gone Come to me all who are weary  
And I will give you rest  
Come to me, my yoke is easy  
And my burden, it is light, yeah When all you can do is fight to hang on?  
Why do you feel like you can make it on your own?  
How long can you wait to hold on to His helping hand?  
Hold on to His helping hand Come to me, all who are weary  
And I will give you rest  
Come to me, my yoke is easy  
And my burden, it is light Come to me, come to me Theres rest for your soul  
(Come to me)  
Come rest your weary soul  
(Come to me) Theres rest for your soul  
(Come to me)  
Rest your weary soul Come to me all who are weary  
And I will give you rest  
Come to me my yoke is easy  
And my burden, it is light Come to me all who are weary  
And I will give you rest  
Come to me, my yoke is easy  
And my burden, it is light Come to me all who are weary  
And I will give you rest  
Come to me, my yoke is easy  
And my burden, it is light Come to me, to me, come to me  
Come to me, come to me  
Come to me, come to me
