

# Covenant of Death

## Morbid Angel

We Assemble as Those Who were before  
Of the Principal Force and Form  
The Lightning Flash They are  
They Breathe the Word and it becomes  
We make the Covenant  
To the Primal Source of which we've come  
We lift ourselves  
On the Path that brings us to our Dream  
The Continuum Force we praise  
You Slumber Being our highest goal  
We make Your Way our laws  
For Your Me we do decide  
Amah-Ushumgal-Anna  
Deep within You Hold the Key  
Habsu Being the Way  
To claim the Throne that's ours by Right  
Zamanu Muh Lal-Li Zi-Pa-Gurud-Zuneme-E  
Igi-Nu-Du-A-Hul Igi-Se-Zid-Gin  
Their treacherous decisions have committed them to  
Eternal Dis and Torment  
For now their only shield  
Is the ignorance in which they hide  
In the Shadows of their fears  
They feel the Gnashing Teeth and Weeping  
Translation:  
Zamanu Muh Lal-Li Zi-Pa-Gurud-Zuneme-E  
Hostile Ones, you soon shall reap the reward you have earned  
Igi-Nu Du-A-Hul Igi-Se-Zid-Gin  
Enjoy now this ignorant bliss in which you live  
For the awakening soon shall come
