Too Good

Troye Sivan

Scared my love
You'll go
Spend my love
Heart broke
So my love don't show
Scared my love
You'll goToo good to be good for me
Too bad that that's all I need
Too good to be good for me
And too bad that that's all I need
All I needFingers walk your thigh
Breathe my love, get high
And ohh, I'm so scared
Ohh, I'm so scared
It's just for tonightSo I take a sip, wait 'til it hits
That liquid guilt is on my lips
I'm wasted on youToo good to be good for me
Too bad that that's all I need
Too good to be good for me
Too bad that that's all I need
Too good to be good for me
Too bad that that's all I need
Too good to be good for me
Too bad that that's all I need
All I needSo I take a sip, wait 'til it hits
That liquid guilt is on my lips
I'm wasted on youToo good to be good for me
Too bad that that's all I need
Too good to be good for me
Too bad that that's all I need
All I need
