Headline News

The Readymen

I wanna spread news all around
About the new love that I found
I found a love that I've been looking for
Now I don't have to look no moreHeadline news, headline news
Everybody say
Extra, extra, read all about it
Extra, extra, read all about itThe world is at my feet
There's a halo around my head
I went out searching for gold
I found love insteadShe's a wish, a dream come true
I guess you might say that I struck oil tooHeadline news, headline news
Everybody say
Extra, extra, read all about it
Extra, extra, read all about it
Read all about it, read all about itHeadline news, headline news
Everybody say
Extra, extra, read all about it
Extra, extra, read all about itIn my neighborhood
They say, what a change in me
People say when I walk by
It's not hard to seeShe brings out the best in me
Lights me up like a Christmas treeHeadline news, headline news
Everybody say
Extra, read all about it
Extra, extra, read all about it
Extra, extra, read all about itOne, two, one, two, three, four
