Tearing Me Apart

Ry Cuming

You got me breathing
So hard that I feel my heart beat
I'm thinking about you
Even when I'm alone with a new girlCause you have me whispering
Sweet little dirty nothings in your ear
And you've gotta hold me downCause I can't breathe
Till I have you
And I need you
And I won't take no, ohI won't breathe
Till I have you
You young thing
Cause you're tearing me apartYou have everything
Everything you want well you got it now
But I need to touch you
Oh, baby I'm gonna make it somehowCause you have me whispering
Sweet little dirty nothings in your ear
And you've gotta hold me downCause I can't breathe
Till I have you
And I need you
And I won't take no, ohI won't breathe
Till I have you
You young thing
Cause you're tearing me apartYou're tearing tearing tearing
You know I can't be alone
Cause something's got me bad
And you won't be aloneBut I need something
And you ain't got me now
Cause I won't take you homeI won't breathe
Till I have you
And I need you
And I won't take no, ohI won't leave
Till I have you
Oh you young thing
Cause you're tearing me apart
Oh you're tearing me apart
Yeah, yeahAnd I won't breathe
Till I have you
And I need you
And I won't take no, ohI won't breathe

Till I have you
Cause you young thing
Cause you're tearing me apart
Tearing tearing tearing me
