Loud N' Clear

Stryper

Oh yeah, hair is long and the screams are loud 'n clear
The clothes are tight, earrings dangling from the ears
No matter how we look, we'll always praise His name
And if you believe, you've got to do the sameLoud, clear, let the people hear
Scream, shout, show what it's all about
Loud, clear, let the people hear
Scream, shout, show what it's all aboutSome of us were always pushed around in schools
That's why I wrote this song to sing to pushin' fools
At least we can say we love doin' what we do
And we're here to say that you can have salvation tooLoud, clear, let the people hear
Scream, shout, show what it's all about
Loud, clear, let the people hear
Scream, shout, show what it's all about
