

Made of

Music Super Circus

You can never stop me,
This is what I made of,
I will never let it go,
This is what I made of,
No one can control me 'cause this what I made of,
You can never break me,
This is what I made of...
You can try me or stop me
This is what I made of,
I will never let it go
This is what I made of,
No one can control me, this is what I made of,
You can make but never break me,
This is what I made of,
You can never stop me,
This is what I made of,
I will never let it go,
This is what I made of...
Uhhh...
You can try it or stop me,
This is what I made of,
I will never let it go...
This is what I made of,
You can never stop me x2I will never let it go x2
This is what I made of x5
