

# Degenerated (May 1983)

## Reagan Youth

Johnny doin' out on a Tuesday night?  
Johnny can't read, Johnny can't write  
Johnny just don't understandJohnny don't care about this world  
As long as he can fuck his girl  
And prove that he's a manJohnny wastes his days eatin' ludes  
He's a teenage vegetable  
Gettin' high proves that he's coolJohnny hates to think, he's ignorant  
He's a mindless brainwashed pig  
Ring a bell, he starts to droolDegenerated, degenerated  
And your minds have vegetated  
Degenerated, degenerated  
And your thoughts are constipatedHe's got P.C.P. in his veins  
He's got a void in his brain  
He's addicted to the TVAnd when he's old, he's gonna have a son  
[Incomprehensible]  
What's to become of young Johnny?
