Someday

Sandi Patty

Would you look around you now
And tell me what you see
Faces full of hate and fear
Faces full of meDo you feel the rumblings?
As your head comes crumbling down
Do you know what I meanRun, you better run you know
The end is getting near
Feel the wind of something hard
Come whistling past your earAs they try to get you
Where it will upset you down
Now you know what I meanSomeday you will see how long
We've waited for the time
To show you how we've died
To get together with you allTwist and turn your head around
Till everything's unclear
Twist and turn your arm around
Until it is not thereAnd they'd love to burn you
Or at least to turn you around
Now you know what I meanCan you look around you now
And tell us what's to be
Can you look inside yourself
And tell us what you seeAs you feel the rumblings
As your head comes crumbling down
And you know what I meanSomeday you will see how long
We've waited for the time
To show you how we've died
To get together with you all
