Terminus

Kamchatka

Ignominious avaricious
ruinous impetus.
Nebulous sumptuous
fictious terminus.Be a part of something bigger.
Why don't you join the winning team?
Safety in numbers is the trigger.
It's so much simpler than it seems.
Come on, now, don't be stupid.
You'll never make it on your own.
Get in line, now, without question.
Acknowledge signs as they are shown.Ignominious avaricious
ruinous impetus.
Nebulous sumptuous
fictious terminus.What makes you think your faith is stronger
than any we have come across?
Be sure that we know how to break it
without you feeling any loss.
We'll twist it all around in angles
throughout which you've never seen.
'Cause in the end, you're either with us or against us.
There just ain't no "in beween".Ignominious avaricious
ruinous impetus.
Nebulous sumptuous
fictious terminus.And, if you've been pointed out,
constitutional rights do not apply.
Guilty as charged, no room for doubt.
Just like Salem all over again.
The witch-hunt of Salem all over again.
Just like Salem all over again.Efficatious punctilious
callous apparatus.
Fatuous credulous
oblivious ignoramus.
