

Up All Night (Demo)

Slaughter

(And when morning comes)
Up all night, sleep all day
Up all night, sleep all day When evenin comes
I am alive
I love to prowl around in the streets Its the moonlight
That controls my mind
Now I've got the power to speak, yeah (Awake from dusk to dawn)
Under the city lights
(stars are shinin down)
They'll be shinin down on you and I
(And when morning comes)
I'll hold you till the mornin light
Everybody sing it now Up all night
Sleep all day
Up all night
Sleep all day
That's right
Ah ahhh ahhhhh Drivin down the boulevard
All alone
The neon signs are callin my name
Find me in the corner
Havin the time of my life
I think you'd want to do the same (Awake from dusk to dawn)
Under the city lights
(Stars are shinin down)
They'll be shinin down on you and I
(And when morning comes)
I'll hold you till the mornin light
Everybody sing it now Up all night
Sleep all day
Up all night
Sleep all day
That's right
Up all night
Sleep all day
C'mon c'mon
Up all night
Aww baby if we could stay up
Twenty four hours a day

Uuh

Aaaaaaaaaahhhhhhhhhh(Awake from dusk to dawn)

Under the city lights

(Stars are shinin down)

They'll be shinin down on you and I

(And when morning comes)

I'll hold you till the mornin light

Everybody sing it nowUp all night

Sleep all day

Up all night

Sleep all day

C'mon c'mon

Up all night

Sleep all day

That's right

Up all night

Sleep all day

Up all nightLand where our fathers died

Land of the pilgrims pride

From every mountainside

Let freedom ring
