Undivided

Adelitas Way

Blood for the scars and the stars
and the stripes in my hand
and they've been telling me we're lost
double crossed, that i don't understand
but when everyone's running, is when i will stand
we'll be together, until the endWe're undivided
we're bound by a thousand days
we're undivided
we belong each and every way
if they could just see us
no daylight between us
that'll never change (that'll never change)
when everyone's left you
whatever you've been through
i will remain (i will remain)
we're undividedPushed to the edge, words were said
only healing remains
and i know you know me best, all my joy all my
flaws, all my pain
one in a million, through thick and thin
this is a lifetime, we;re choosing to spendWe're undivided
we're bound by a thousand days
we're undivided
we belong each and every way
if they could just see us
no daylight between us
that'll never change (that'll never change)
when everyone's left you
whatever you've been through
i will remain (i will remain)
we're undividedIt's you and i here
i'm never gonna let you go (never gonna let you go)
it's you and i here i love you more than you'll ever knkowWe're undivided
we're bound by a thousand days
we're undivided
we belong each and every way
if they could just see us
no daylight between us
that'll never change (that'll never change)

when everyone's left you
whatever you've been through
i will remain (i will remain)
we're undivided
