Flickers

Sully

And with my opened mouth
I join the singing lightI can see the flickers
Over me the lanterns raised
Lift me up, lift me over itShow me what you're hiding
Take me out into the sea
Lift me up (I hear the singing light)
Lift me over itLift me up, lift me up
Lift me over itAnd with my opened mouth
I join the singing lightLift me up, lift me up
Lift me over it
Lift me up, lift me up
Lift me over itAnd with my opened mouth
I join the singing lightI can see the flickers
Over me the lanterns raised
Lift me up, lift me over it.
