

# Oh Star

## Paramore

Oh, star fall down on me  
Let me make a wish upon you  
Hold on, let me think  
Think of what I'm wishing for  
Wait, don't go away  
Just not yet  
'Cause I thought I had it  
But I forget  
And I won't let you fall away from me  
You will never fade  
And I won't let you fall away from me  
You will never fade away from me  
And now I let my dreams consume me  
And tell me what to think  
But hold on, hold on.  
What am I dreaming?

Wait, don't go away  
Just not yet.  
'Cause I thought that I had it  
But I forget  
And I won't let you fall away from me  
You will never fade away  
I won't let you fall away  
You will never fade away  
And I won't let you fall away  
You will never fade away  
And I won't let you fall away from me  
You will never fade [unverified]  
Oh, star fall down on me
