

# The Messenger

**Johnny Marr**

To see it in something,  
Life you want it takes long  
To see him so happy, you find you talking if you want.  
Don't wanna be a messenger. To see it in something,  
Your eyes are opened and you're on  
I'm here and I'm ready,  
My time's for taking if you want.  
Who wants to be a messenger? Who wants to be a messenger?  
We could get going. Who wants to be a messenger?  
Who wants to be the messenger?  
We could get going.  
Who wants to be a messenger?  
We could get on.
