Low C

Supergrass

The loneliness at times
And I can feel it open wide
And I can wander through the past
And believe it for a whileWe were younger
Oh, the way you turned my head, oohThe things we used to have
Are fading all too fast
Like a castle in the sand
Well, some things ain't meant to lastWe were younger
Oh, the way you turned my head, oohI wonder if I'd care
If I saw you again
Would you hurt me like before
Or would happiness be thereWe were younger
Oh, the way you turned my head, ooh
