Rock The Boat

Inner Circle

I've been workin' all week, I can hardly wait
I got a houseboat rented down on the lake
My pickup's gassed up and loaded up and ready to go
I put out the word to all my good-time friends
We're meeting at the dock, that's where the party begins
Be there or be square
Come along
Anything goes
Yeah, Bon voyage, tonight we're gonna rock the boat
Yeah, we're gonna motor out
Drop anchor in the middle
Drag out the guitars, and tune up the fiddles
Have loads of fun be lucky if she stays afloat
Yeah, we'll be makin' waves tonight
We're gonna rock the boat
Well I can see us all now by the light of the moon
One big party on two pontoons
Flip-flops, tank-tops, bikinis, and no dress code
We'll be surrounded acres of swimming pool
Wall-to-wall coolers and barbecue

Inboards
Outboards
Overboard
Throw me a rope and Come one
Come all
Tonight we're gonna rock the boat
Yeah, we're gonna motor out
Drop anchor in the middle
Drag out the guitars, and tune up the fiddles
Have loads of fun be lucky if she stays afloat
Yeah, we'll be makin' waves tonight
We're gonna rock the boat
Yeah, we're gonna motor out
Drop anchor in the middle
Drag out the guitars, and tune up the fiddles
Have loads of fun be lucky if she stays afloat
Yeah, we'll be makin' waves tonight
We're gonna rock the boat

Come one
Come all, tonight
We're gonna rock the boat
