ooohoo
ooohoo

I got get on the road soon
I got a car packed up with dreams and wishes waiting to come true
and there's just enough space left for you
but you say if you came you'd only be taking up room
well I had my time with him
disty lights (?) have been
a place to grow
but like the the wild I can't be
kept inside I need
space to roam

won't you come dance one last time
stay awhile, before I go
won't you take my hand, spin me around, lift me up off the ground, set me down slow
won't you come dance
to say goodbye

ooohoo
ooohoo
ooohoo

well as this town slips past my window
all the what ifs and could've beens will flash through my mind
and though my arms will let you go
I will hold onto your memory for the rest of my life
your home is here, this I, I understand
my dear I hope you understand for me that
when people change while the places stay the same we've got no choice
but to leave

won't you come dance one last time
stay a while, before I go
won't you take my hand spin me around, lift me up off the ground, and set me down slow
won't you come dance

to say goodbye

ooohoo
ooohoo
ooohoo
ooohoo
ooohoo
ooohoo

don't say goodbye
