I Like Dat (freak Freaky Dance)

Trey Songz

You never know how things
Gon' turn out huh?

I know you got the best love
That I ever had
I swear that when I look at you,
The time don't pass
Intoxicated without
A sip from a glass
Infatuation was real
Thought we would last
But you're gone away
I thought you were gonna to stay
I got deceived again
I can't believe

And now you got someone who don't
Treat you right, treat you right
Treat you right, treat you right
Treat you right
You already know who used to
Treat you right, treat you right
Treat you right, treat you right
Treat you right

You look for me and you know I be
Out of sight, out of sight
Out of sight, out of sight
Out of sight
When you the one who told me to get
Out ya life, out ya life
Out ya life, out ya life
Out ya life

That's unfortunate
That's unfortunate
That you didn't believe in me

Know I got the best love
That you ever had

Tell me how it feels to know
You'll never get it back
Baby tell me how our train
Never got up off track
Never be the same
Thought our hearts were attached

But you're gone away
I thought you were gon to stay
I got deceived again
I can't believe

And now you got someone who don't
Treat you right, treat you right (don't)
Treat you right, treat you right (don't)

Treat you right
You already know who use to
Treat you right, treat you right
Treat you right, treat you right
Treat you right (oh)

You look for me and you know I be
Out of sight, out of sight
Out of sight, out of sight
Out of sight (sight)

When you the one who told me to get
Out ya life, out ya life
Out ya life, out ya life
Out ya life (Oh)

That's unfortunate (Oh, oh)
That's unfortunate
That you didn't believe in me

It ain't gon' last forever
I'm telling you 'cause I done been there
Heart turn to anger
Friends turn to strangers
But right now I don't care
And you'll get there
(You will, you will, you will)
You didn't keep
(So unfortunate)

Your promise

And now you got someone who don't
Treat you right, treat you right
Treat you right, treat you right
Treat you right

You already know who use to
Treat you right, treat you right
Treat you right, treat you right
Treat you right

You look for me and you know I be
Out of sight, out of sight
Out of sight, out of sight
Out of sight (sorry)

When you the one who told me to get
Out ya life, out ya life
Out ya life, out ya life
Out ya life (oh)

That's unfortunate (that I)
That's unfortunate (la, la, la)
That you didn't believe in me

You never know how things
Gon' turn out, huh? huh? huh?
