Power To The People

The Timewriter

Power to the people, power to the people
Power to the people, power to the peoplePower to the people, power to the people
Power to the people, power to the people, right onYou say we want a revolution
We better get on right away
Well, you get on your feet
And enter the streetSingin', power to the people, power to the people
Power to the people, power to the people, right onA million workers workin' for nothin'
You better give 'em what they really own
We got to put you down
When we come into townSingin', power to the people, power to the people
Power to the people, power to the people, right onI gotta ask you comrades and brothers
How do you treat you own woman back home?
She got to be herself
So she can give herselfSingin', power to the people, power to the people
Power to the people, power to the people, right on
Now, now, now, nowOh well, power to the people, power to the people
Power to the people, power to the people, right onOh yeah, power to the people, power to the people
Power to the people, power to the people, right onPower to the people, power to the people
Power to the people, power to the people, right on
