

# Love Like This (feat. Lastlings)

## Indian Summer

As your face begins to show  
I see you moving slowly  
As the feeling starts to grow  
You whisper to me softly

I've never had a love like this  
I've never felt alone like this  
Together we cannot exist  
I've never had a love like this

As your shadow starts to fade  
The thought of you remains  
Through the hills I know you know you know me  
You whisper to me softly

I've never had a love like this  
I've never felt alone like this  
Together we cannot exist  
I've never had a love like this

Baby I'm waiting here,  
Baby I'm waiting  
Baby I'm waiting here,  
So tell me I'm the only one

Baby I'm waiting here,  
Baby I'm waiting  
Baby I'm waiting here,  
So tell me I'm the only one

I've never had a love like this  
I've never felt alone like this  
Together we cannot exist  
I've never had a love like this

Baby I'm waiting here,  
Baby I'm waiting  
Baby I'm waiting here,  
So tell me I'm the only one

Baby I'm waiting here,  
Baby I'm waiting  
Baby I'm waiting here,  
So tell me I'm the only one»;
