

# Master Ludi

## Walter TV

master ludi  
why are all your words so profound  
when all i want to do is lay in bed?your in the front yard  
im in the backyard  
i get to running when i hear you a coming  
through the vibrations ofyour in the front yard  
im in the backyard  
i get to running when i hear your mom singing  
her tiny hymn
