

# Ashamed (featuring Chino Moreno of Deftones)

Tommy Lee

I feel alone... i feel like i could die  
I feel alone... i feel like i could die... tonight, yeah yeah  
Carry on, carry on, yeah Don't feel ashamed... don't feel ashamed  
I rather it be this way  
You're not to blame... you're not to blame  
Don't feel ashamed I'm getting close... get away  
To the other side, yeah  
Just close the door... down on me  
I'll leave the past behind me  
Can you see my pride  
It's only one step away from  
Freedom... freedom I feel i can fly anywhere... anywhere... with anyone... with anyone... with anyone Don't feel  
ashamed... don't feel ashamed  
I rather it be this way  
You're not to blame... you're not to blame  
Don't feel ashamed I want you baby... so don't you feel ashamed!  
I want you baby... so don't you feel ashamed!
