

Say You Don't Want It

One Night Only

Talk all the talk with a poet's style
Tongue like electric, eyes like a child
Buy only wives and the classic cars
Live like a saviour, live like the stars
Talk all the talk with a model's smile
Tongue like electric, eyes like a child
Buy all your highs and the classic cars
Die on the front page, just like the starsThe big screens, the plastic-made dreams
Say you don't want it, say you don't want it
Its our world, the picture-book girls
Say you don't want it, say you don't want it
Don't you ask me if its love my dear
Love don't really mean a thing round here
The fake scenes the plastic-made dreams
Say you don't want it, say you don't want itPace all the rooms with a jealous style
Tongue like electric, eyes like a child
Paint all your soul with the grand designs
Reach like a saviour, your heart on the line
Talk all the talk with a model's smile
Tongue like electric, eyes like a child
Buy all your highs and the classic cars
Die on the front page, just like the starsThe big screens, the plastic-made dreams
Say you don't want it, say you don't want it
Its our world, the picture-book girls
Say you don't want it, say you don't want it
Don't you ask me if its love my dear
Love don't really mean a thing round here
The fake scenes the plastic-made dreams
Say you don't want it, say you don't want itThe big screens, the plastic-made dreams
Say you don't want it, say you don't want it
Its our world, the picture-book girls
Say you don't want it, say you don't want it
X2
Don't you ask me if its love my dear
Love don't really mean a thing round here
The fake scenes the plastic-made dreams
Say you don't want it, say you don't want itSay you don't want it, say you don't want it
Say you don't want it, say you don't want it
