

# My Hate Unfolds

## Callenish Circle

I want my pain to be inflicted on others  
Crossing boundaries of indifference  
Your greed exceeds the line  
Egoism even multiplied  
Pressing forward your lies  
A path of endless consequence paved with bare hands  
You'll start your endless journey soon  
Path of endless consequence paved with bare hands  
You'll better be off dead  
Exercise my fantasy  
How my passion is your pain  
Senses sliding into sin  
Further and further away  
Wake up, enjoy reality  
Pressed to the ground, a black curtain  
Covering your illusions, chains of discomfort  
Choking unbound  
Feel my rejection  
My hate unfolds  
When your blood stains  
It leaves me cold  
As life is fading  
You're all alone  
Feel my rejection  
Your fate unfolds  
Exercise my fantasy  
How my passion is your pain  
Senses sliding into sin  
Further and further away  
Wake up, enjoy reality  
Pressed to the ground, a black curtain  
Covering your illusions, chains of discomfort  
Choking unbound  
Feel my rejection  
My hate unfolds  
When your blood stains  
It leaves me cold  
Life is fading  
You're all alone  
Feel my rejection  
Your fate unfolds  
You're all alone  
Crossing boundaries of indifference  
Your greed exceeds the line  
Egoism even multiplied  
Pressing forward your lies  
Exercise my fantasy  
How my passion is your pain  
Senses sliding into sin  
Further and further away  
Exercise my fantasy  
How my passion is your pain  
Senses sliding into sin

Further and further away Wake up, enjoy reality  
Pressed to the ground, a black curtain  
Covering your illusions, chains of discomfort  
Choking unbound Feel my rejection  
My hate unfolds  
When your blood stains  
It leaves me cold As life is fading  
You're all alone  
Feel my rejection  
Your fate unfolds You're all alone  
Your fate unfolds There are no more barriers to cross  
All I have in common with the uncontrollable and the unseen  
The vicious and the evil  
All the mayhem I've caused and my utter indifference toward it  
I have now surpassed My pain is constant and sharp  
And I do not hope for a better world for anyone  
Infact I want my pain to be inflicted on others  
I want no one to escape But even after admitting this  
There's no catharsis  
My punishment continues to allude me  
And I gain no deeper knowledge of myself  
This confession has meant nothing
