Do It All Again

Alex Xander

Alex Xander - Do It All Again

Verse 1.

Ugh
I just want each one of my haters to know
They still have every single reason in this world to be sitting on the edge of they seat
Gripping on their chair arms
Trying to find themselves relief
Cause I aint made my mind up yet on if I wanna go out homicidal or suicidal
Ready to lose it all tonight in denial
Go postal or maybe do it the old fashioned messy way
Probably wont ever make my mind up anyways blame it on my bipolar ways
Ooh

Chorus.

I know this isnt what you were expecting out of me
But you made yourself understood oh yes you made it real clear
When you expressed that you wanna be my enemy
Dont make me do it again
Dont make me repeat myself
Dont me forget about it all again and do it all again
You f****** know I'll do it all again!
You f****** know I'll do it all again!
You f****** know I

Verse 2.

Can I really believe what I see with my own eyes
Is that me that I see from the passenger seat
In the driver's seat
About to fall asleep
I know it's early in the morning and thats one way to wake up
But you aint even rapped yet
You aint even stacked up
You can't go out like that
You aint done s***
So you gotta wake up!

Chorus.

I know this isnt what you were expecting out of me
But you made yourself understood oh yes you made it real clear
When you expressed that you wanna be my enemy
Dont make me do it again
Dont make me repeat myself
Dont me forget about it all again and do it all again
You f****** know I'll do it all again!
You f****** know I'll do it all again!
You f****** know I

Verse 3.

I feel like I have lived two life's in one lifetime
That's great
That's grand
That's glorious
That means I got one to throw away on me
And one for each day in the week and the weekend
If a mother f***** really willing to kill himself over a bitch
What you think I'm really willing to do
When it comes to breaking a few rules in the biz
Step up in this bitch
Like who the f*** is this, yeah
Better make room for the new kid
I wonder if I had one more chance to talk to my homie
I could make Richie wanna live his life
I could tell him all about the deal that I'mma about to seal, wha
I know that he didnt have s*** to do with
When they ran up on me
And they broke my zygomatic
So automatic I'm back up and at it
Yall couldn't ever really keep me down
Thinking that you had me stopped right there boy
I aint even really started yet, wha
All you really did is gave me a reason to go and get this s***, wha
