I Had Enough of You

Toxic Lab Rats

All I know yeah I know for sure
Is that you never liked me before
I became this famous rock'n'roll star
So now I seem to be your best friend at the bar

You say â€•Hey man, I like your style
And I'm sorry I havenâ€™t seen you for a whileâ€•
I explain to the bastard I don't feel the same
And there's no way in hell he's gonna profit on my fame

Friend or foe
It's not easy to know
Who to trust
You better go slow
Hey Hey Hey
I had enough of you

Friend or foe
It's not easy to know
How slow how slow how slow you should go
Hey Hey Hey
I had enough of you

Two days and the word is out
Rumours about me no doubt
Stupid gossip fucking jealous brat
Don't back talk me
I'm Chris Rat

Still say â€•Hey man I like your style
Really sorry I haven't seen you for a whileâ€•
Hey motherfucker drop that act
You're a goddamn fraud in fact

Friend or foe
It's not easy to know
Who to trust
You better go slow
Hey Hey Hey

I had enough of you

Friend or foe
It's not easy to know
How slow how slow how slow you should go
Hey Hey Hey
I had enough of you
